The most flexible and adaptable cloud-based omnichannel solution in the market

**GO OMNICHANNEL**
WITH GREATER FOCUS ON CUSTOMER SERVICE WITH MOBILE POS

- Support a variety of omnichannel scenarios (e.g. BORIS, BOPIS, ROPIS)
- Provide a personalized customer experience everywhere in the store
- Deliver a faster and more convenient checkout experience (e.g. RFID integration, mobile payments, self-checkout)

**GAIN GREATER AGILITY**
TO LAUNCH NEW PRODUCTS, PRICES AND PROMOTIONS FASTER

- Easily manage different type of products (e.g. single products, BOM, kits, variants) and discounts
- Support complex assortments with unlimited number of product characteristics and attributes (e.g. color, size, serial number)
- Update product and prices across stores in a matter of minutes

**ACHIEVE EFFICIENCY**
ACROSS YOUR SUPPLY CHAIN WITH OPTIMIZED DEMAND FORECASTING AND INVENTORY MANAGEMENT

- Produce detailed sales forecasts based on multiple forecasting algorithms
- Ensure timely, cost-effective purchasing
- Enable real-time, accurate stock data through efficient and effective execution of inventory management activities from mobile devices

**ACCELERATE INNOVATION**
AND MANAGE CHANGE MORE EFFICIENTLY WITH AN ARCHITECTURE BUILT FOR HIGH PERFORMANCE

- Adapt to change smoothly and more efficiently thanks to a truly modular architecture
- Integrate and connect all types of devices and systems more quickly with a highly interoperable technology platform
- Increase your IT responsiveness with a solution optimized for mobility and a dedicated and highly scalable cloud infrastructure
